

## **FOR IMMEDIATE RELEASE**

### **NewsRunner brings you the headlines on the move - as you move!**

**May 1, 2014** - Keeping fit and keeping informed are two big challenges with all the external pressures on today's busy lives - how do you make room for everything?

An elegant and useful solution is here with the launch of NewsRunner - the world's first newsreader for busy professionals on the move! Most simply, NewsRunner serves the user classified local, national and world news on-the-go as an audio stream with a beautiful, non-intrusive plug & play interface. NewsRunner makes hearing your news possible anywhere - even at 35,000 feet! - with the news download option.

NewsRunner is the Twitter of the news world and saves you time by bringing the headlines to you in a voice and accent of your choice - American woman or man, British woman or man, Australian woman or man or Indian woman.

NewsRunner has the following classified news sections to listen to:

- Business
- Entertainment
- Celebs
- Health
- Local
- Tech
- Politics
- Science
- Sports
- Culture
- Travel
- World

Whether you are out for a run, on your way to a meeting or waiting in an airport lounge, NewsRunner has the latest headlines right for you whenever you want to hear them - no matter what you are doing at the time. Get your dope of news served through an intelligent and intuitive GUI.

App founder, Ashutosh Goyal said: "We are excited to introduce to you NewsRunner, a lifestyle app which shall change the way you consume news and information".

NewsRunner is available now from the iTunes store for the iPhone, iPad or iPod touch - so download today and let NewsRunner bring the news directly to you - on the move!
